Versatile modular seating helping
you make the most of your space

Pineapple

OHIO

This strong and robust seating range with a versatile modular design helps you make the most of your space.

Are you looking for flexible seating which can work with your space? Our **Ohio** and **Ohio Plus** modular sofa ranges can be rearranged into a variety of dynamic configurations. Whether you're aiming to create a quiet corner to minimise distraction, or to encourage collaboration by grouping seating together, Ohio is the perfect choice.

Plinth base

Optional tapered plinth base prevents dust and dirt gathering underneath

Solid ski leg

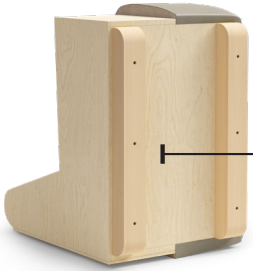

To further reduce ligature risks, a solid ski leg creates a smooth, rounded surface to minimise the risk of potential injuries

FOR PEACE OF MIND

All of our products are designed and tested for use in demanding environments, but for the most challenging spaces, our Plus ranges have extra reinforcement for maximum strength and durability.

[illegible]

STANDARD VS PLUS

STANDARD	Durable construction, perfect for low risk spaces Webbed back  + Reinforced seat adds strength & durability  Cloth underside
PLUS	Enhanced strength and safety features for challenging environments + Reinforced back adds strength & durability  + Reinforced seat adds strength & durability  + Reinforced underside adds strength & reduces concealment opportunities  → Security screws are used (where accessible) to prevent tampering  → No piping to reduce ligature risks → No staples to reduce self-harm risks

welcome
