MATERIAL/FABRICATION

Strong chromed steel rod frame with durable polypropylene, hygienic, wipe-clean shell with handle cut-out for easy lifting. Varied shell thickness provides strength and flexibility where it is needed. Polypropylene has an impact additive which prevents stress-whitening and avoids the use of glass fiber with makes it recyclable. 0.5" diameter alloy rod legs are rust-resistant due to their high nickel content. Chip-resistant hexavalent chrome plating. Designed to stack up to 12 chairs on top of each other for practical storage. With our wheeled storage trolley this can allow for up to 30 chairs to be safely stacked
