RYNO[®] BENCH → FLOOR FIXING

01

Place template in desired location and use this to mark and drill the holes for floor fixing

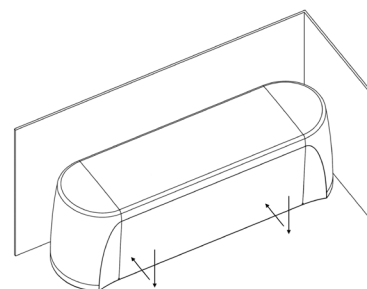

02

Install concrete floor fixing hardware into drilled holes, using hardware to secure brackets appropriately

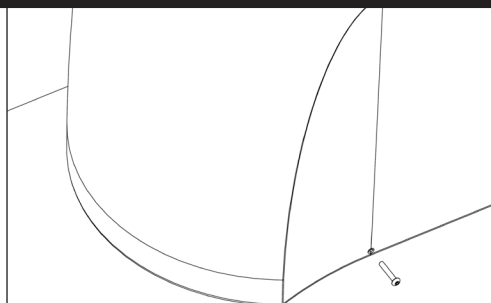

03

Place bench onto brackets and flush to floor, ensuring brackets line up with the indents on the underside of the product. Then, push back until brackets hook into the product

04

Insert M5 pointed screws into the holes on the front of the product, ensuring they fit into brackets. Tighten screws until the product is secure
