DESIGNED FOR PEACE OF MIND

Designed by
Ingemar Jonsson

When we first developed our Ryno® range, our goal was to create furniture which combined dependable safety and durability with a warm and welcoming aesthetic.

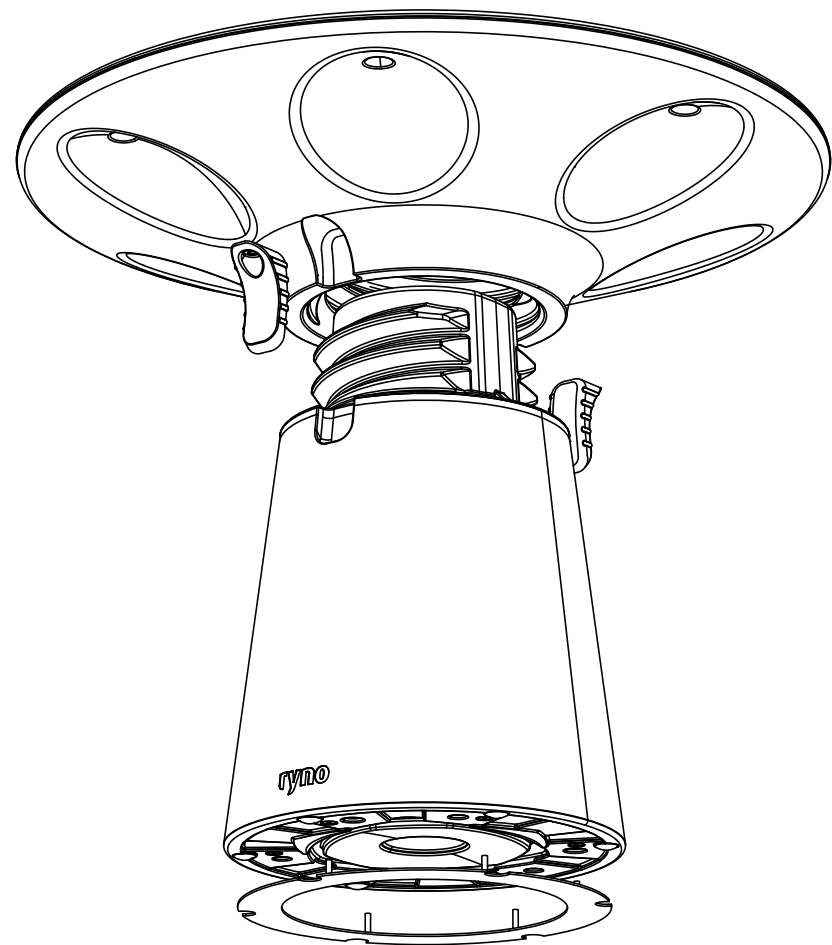

The newest addition to the Ryno range - the pedestal table - continues to embody this ethos. Behind its slender profile and soft curves, there lies a strong interior construction which is built to withstand the rigours of daily life in a psychiatric ward or jail.

A unique corkscrew design creates a very strong connection between the table top and base, secured with anti-tamper fixings. The solid-grade laminate table top provides a durable, water-resistant surface making the table suitable for indoor and outdoor use.

The table is available in 2 options - a heavily weighted option (265 lbs.) which deters lifting and a floor fixed option which, for added safety, makes the table totally immovable.

RYNO® PEDESTAL TABLE

WEIGHTED OPTION

- Top connected to base with strong corkscrew design secured with anti-tamper fixings
- Filled with ballast (up to 265 lbs.) to deter lifting
- May be moved by staff (use of a wheeled dolly recommended) for cleaning or re-positioning

Dimensions: 30”H | ø 41.3”
Code: 1RYPT-120
Weight: 265 lbs.

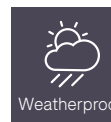

FLOOR FIXED OPTION

- Top connected to base with strong corkscrew design, secured with anti-tamper fixings
- Secured to the floor for added safety, using our anti-tamper hidden floor fixing bracket
- Repositioning may require floor adjustments

Dimensions: 30”H | ø 41.3”
Code: 1RYPT-FF-00
Weight: 37.5 lbs.

Specification

Anti-microbial low density polyethylene with UV stabilizer (base and top)
Solid-grade laminate table surface, 1/8” stainless steel floor fixing bracket

Suitable for indoor and outdoor use

KEY FEATURES
