MATERIAL/FABRICATION

Heavily weighted carcase made from a combination of melamine-faced particle board and vinyl-wrapped medium density fiberboard. Complete with drawer stops and fully glued, fixed shelves to prevent removal as well as anti-stash panels. Heavy-duty hinges and robust drawer runners used (rated to 88 lbs.) as well as scalloped handles, piano hinges, curved door tops and half-depth shelves to reduce ligature risk. Corners are smooth and rounded for additional safety as well all edges being lipped in tough PVC. Security fixings as standard

MAINTENANCE

A regular light dusting with a soft cloth is all that is required to maintain the appearance of this range. For more stubborn marks use a damp, not wet, cloth (a non-abrasive water-based cleaning agent can be used) and dry thoroughly. It is important to avoid using abrasive materials or cleaning agents for cleaning as this will cause scratching to the surface. Excessive amounts of water should also be avoided - any accidental spillages should be mopped up immediately and the surface dried thoroughly.
