

KEY FEATURES

- 1in thick tops and 0.71in Hickory melamine-faced carcass
- Heavy weighted to deter misuse
- Smooth rounded corners for safety
- Enclosed base to prevent concealment
- Strength and stability tested to contract levels
- Optional 0.5in CLEAN-TEC Solid-Surface top

MATERIAL/FABRICATION

Heavily weighted carcass made from a combination of melamine-faced particle board and vinyl-wrapped medium density fiberboard. Corners are smooth and rounded for additional safety as well all edges being lipped in tough 2mm PVC. Security fixings as standard.

CLEAN-TEC* is a solid, water-resistant material with a tactile feel and a seamless smooth finish. Highly resistant to bacteria and mold, CLEAN-TEC's non-porous nature makes it ideal for stringent infection-control practices and its low VOC (volatile organic compounds) minimize harmful emissions while supporting indoor air quality.
