

KEY FEATURES

- Thick clear polycarbonate safety screen
- Securely lockable compartments
- Piano hinges to minimise ligature risks
- Secure ventilation to reduce overheating

MATERIAL/FABRICATION

Heavily weighted carcass is made from a combination of melamine-faced particle board and vinyl-wrapped medium density fiberboard. Corners are smooth for additional safety as well as all edges being lipped in tough PVC. A securely lockable thick polycarbonate safety screen, sloping top and piano hinges ensure ligature risks are minimized and the secure ventilation helps reduce overheating

INSTALLATION/FITTING

Please advise if wall fixing is required when ordering. All products to be fitted by Pineapple (where applicable). If not, any guarantee is at risk of becoming null and void

MAINTENANCE

A regular light dusting with a soft cloth is all that is required to maintain the appearance of this range. For more stubborn marks use a damp, not wet, cloth (a non-abrasive water-based cleaning agent can be used) and dry thoroughly. It is important to avoid using abrasive materials or cleaning agents for cleaning as this will cause scratching to the surface. Excessive amounts of water should also be avoided - any accidental spillages should be mopped up immediately and the surface dried thoroughly.
