

**DESIGNED FOR PEACE OF MIND**

**Pineapple**

	When we design furniture for some of the most difficult environments imaginable,	<h1>DESIGNED FOR PEACE OF MIND</h1>	
	the first thing we do is listen. Listen to our customers' unique challenges,		
	their day to day needs and above all, who they need to look after.		
	Listening is the first step of the 'Pineapple Process', helping us to find furniture that		
	precisely solves the problem. If we don't have something suitable, we create it.		
	Innovative solutions, technical expertise and thoughtful design, we take pride in		
	creating furniture that's exactly fit for purpose.		
	Our customers get mindfully designed furniture that works effortlessly and		
	looks great. But much more than that, they can go to work knowing they've		
	done everything they can to create a calm environment.		

## IT ALL BEGAN IN

Our founder, William Hathorn, started our company in a workshop in London, England. Originally trading as Pine Productions, based on the popular wood we used to build our furniture, we crafted strong, durable products using traditional carpentry methods. But as our business grew and we began to provide furniture in a variety of materials for the healthcare market, the name no longer fitted. So, with a nod to our beginnings, we took a bold step and became Pineapple.

As our reputation for designing for demanding environments grew, so did demand for our products and we soon expanded into new premises, doubling our production capacity. We started creating technically advanced furniture for secure settings like mental health units and prisons, as well as lower risk spaces like hospitals, healthcare and education facilities.

# 1975

# TODAY

## 45 YEARS OF INNOVATION

We continue to create innovative furniture to deliver real-life solutions for our customers and, from initial concept right through to manufacture and delivery, we have full control of the process. All of our designs are either manufactured by us or by our carefully chosen partners who produce our furniture under license to meet our precise specification and design.

While our business is now international and our vision more ambitious than ever, we're still a family business at heart. Our work ethic and attention to detail is exactly the same as when we started in 1975.

THE PINEAPPLE PROCESS

We listen

01

We listen more widely and more deeply to our customers' unique set of challenges; they might be safety concerns, maintenance issues or limited space. With forty years of experience under our belts, we're good at listening and know the right questions to ask.

02

understand

Drawing on the expertise of our Global Advisory Board and our knowledge of best practise, we identify solutions that fit each brief. Then we define exactly what your furniture needs to deliver purpose for your environment, taking physical, functional and emotional needs into account.

03

match

Now we understand your environment and precise needs, we can match you with the right products that will solve them. With hundreds of ranges to choose from, there is usually a solution that fits but if there isn't, we'll work with you to create one.

04

We deliver mindfully designed furniture that is exactly fit for purpose. We continue to learn from each new project, building the knowledge we gain into our new and existing product ranges to make them safer than ever.

deliver

# PROJECTS

The number of US projects we have been involved with has increased by over 54% on last year, resulting in hundreds of completed projects all over the USA.

By taking time to listen, and understanding what really matters, we take outdated and potentially hazardous spaces and make sure even the smallest of details are designed for your peace of mind.

We continue to learn from each new project, building on over 40 years' experience.

*Keep an eye on our website for the latest projects*

LEVELS OF SEVERITY

3			Level 3: Extremely resilient, these products are designed for extremely challenging environments
	2		Level 2: Safe and secure, these products are recommended for challenging environments
		1	Level 1: Durable and dependable, these products are suitable for lower risk environments

# SAFE & SUSTAINABLE

Flame-retardant	Strength tested	Environmental
<p>Flame-retardant to contract level, all of our upholstery and fabrics meet CAL TB 116 &amp; 117, NFPA 260 USA.</p> <p>This allows you to purchase with complete confidence knowing that all our products and fabrics are fully tried and tested.</p>	<p>Our Ryno seating conforms to AINSI/BIFMA static load testing to a weight of at least 1,000 lbs.</p> <p>All of our furniture is also strength and stability tested to contract level.</p> <p>The picture below shows one of our sofas undergoing strength and stability testing. In this demanding test, seat and back durability is tested at least 100,000 times.</p>	<p>All the wood we use to build our furniture originates from responsibly managed forests.</p> <p>As supporters of good forest management, we use only suitably certified wood wherever possible.</p> <p>All our furniture is designed to last a lifetime, minimizing waste and our Ryno® range is also 100% recyclable.</p> <p>Our commitment to these ideals is demonstrated in our INT-COC-001353 and ISO 9001: 2008 awards, and our FSC® Chain of Custody certificate FSC-C015370. In addition, we are certified under PEFC Chain of Custody certificate INT-PEFC/COC-001353.</p>
		<p>FSC certified products available upon request.</p>

# A CHOICE OF COLORS BUT IT'S ALWAYS GREEN

# GUARANTEE & SERVICE

We pride ourselves on our aftercare service. Our support continues beyond the point of sale, going the extra mile to achieve complete customer satisfaction.

Over the past forty years we've built our business on providing the best products and service in our industry. We're proud of the strength of our products as well as the relationships we have with our customers.

## Giving you total peace of mind

Most of our furniture is guaranteed against **manufacturing faults for 5 years**

Our superbly durable **Ryno® range comes with a lifetime guarantee**

Our experienced CAD design team can produce detailed, dimensioned drawings (in plan view and 3D perspective) showing layouts and options to help you create your ideal environment.

# OUR NETWORK

Our growing global operation includes offices and partners around the world, ensuring that we can help customers wherever they are, whenever they need it.

# VISIT OUR SHOWROOM

Our showroom in Michigan provides the opportunity to experience the comfort of our products for yourself as well as making side-by-side comparisons to ensure you make the right choice.

Feel free to bring your clients along too, have a coffee and look through materials and product options before making a decision.

## Book your visit

Our showroom in Michigan  
Call 800.496.9324 to book your visit

Can't make it?

If you can't make it to see us, we can always bring furniture samples to you.  
Our demonstration models are an ideal way to help our customers make the right choice when it comes to furniture.

# THE FULL PACKAGE

Our extensive furniture range can be used to furnish all areas of a modern facility, helping to create a safer environment for patients, staff and visitors.

**Dining area**  
Stress can be heightened during mealtimes, so our furniture is designed to minimize conflict as well as withstand challenging behavior. Our Ryno® activity table can be weighted to prevent overturning and preserve safety.

**Quiet lounge**  
Modular reinforced seating like our Snug Plus range can help to encourage social inclusion, while soft foam Contessa shapes and cozy Boden bean bags provide a safe space for quiet reflection.

**Waiting area**  
Space efficient, easy-to-clean designs like Skye Plus provide comfort for visitors while enabling staff to fulfil their duties more efficiently.

**Bedroom**  
Bedrooms are private spaces where round-the-clock observation may not be practical. Our safest bedroom ranges are designed to minimize ligature risks and reduce opportunities for damage.

**Outdoor space**  
Products in our Ryno® range are totally water-resistant and UV-stabilized, and can be heavily weighted, making them a safe and durable option for outdoor spaces.

**Day room**  
Lockable wall and floor mounted TV cabinets with durable polycarbonate screens offer protection for equipment, and there is extensive choice in our broad range of sofas.

**RYNO<sup>®</sup>**

**COMBINING**

**EXTRAORDINARY**

**RESILIENCE WITH**

**ORGANIC STYLING**

# RYNO<sup>®</sup>

Ryno products are made to the highest standards and designed to withstand the harshest treatment, representing value for money over their lifetime.

All have been created with safety in mind, with all their characteristics resulting in safer settings for users and staff.

### Weatherproof

Ryno products are totally water-resistant and UV-stabilized, making them suitable for indoor and outdoor use in all weather below

### Lifetime guarantee

All Ryno products are covered by a lifetime guarantee against manufacturing faults, providing additional peace of mind below

### Non-flammable

The entire Ryno range is fire-retardant, adding an extra level of safety essential in challenging environments

### Fastening

Using our unique hidden fastening methods, Ryno products can be secured to floors and/or walls, deterring weaponization and reducing opportunities for concealment above

### Strength

Their one-piece construction enables Ryno products to withstand extreme treatment, with smooth curves distributing impact evenly throughout the product

### Hygienic

Ryno products are anti-bacterial and their water-resistant nature means they can easily be wiped clean, ready to be used again

*Ryno multi-purpose cleaning wipes are available upon request*

### Heavyweight

Ryno products can be heavily weighted to make them near-impossible to pick up or throw, to create safer environments

# RYNO<sup>®</sup> MATERIAL

Ryno products are manufactured from a unique polyethylene compound developed to create safe, durable products.

	<p>A UV-stabilizing additive protects Ryno products against the damaging effects of the sun's rays, limiting color fading and brittleness when used for extended periods outdoors.</p>
	<p>Ryno products are UL94 HB compliant due to the inherently flame-retardant properties of our polymer.</p>
	<p>The addition of Silver Oxide inhibits bacterial growth, preserving high levels of hygiene and infection control throughout all Ryno products.</p>

# RYNO<sup>®</sup> COLORS

## A palette of therapeutic hues

Color can play a key role in humanizing healthcare environments, which is why we enlisted the help of SeymourPowell, one of the world's leading design and innovation consultancies, to assist us in selecting a palette of therapeutic hues.

Whether the aim is to create a soothing and reassuring space or provide inclusive stimulation, our unique colors can help to achieve it.

# RYNO<sup>®</sup> TUB CHAIR

# RYNO<sup>®</sup> BEDROOM

The products in this unique collection are manufactured in a single continuous piece.

This helps to create extremely durable products which, unlike traditional cabinetry, cannot be disassembled to be used as weapons.

The one-piece design also eliminates gaps, making the products totally water-resistant and preventing the concealment of contraband.

Fixed or removable restraints available with fully customizable number of fixings and locations *left*

Optional infill panel minimizes concealment opportunities when positioned against a wall *below*

Innovative hidden floor-fastening options help to create safer spaces for patients and staff

Integrated clothes storage solution minimizes ligature risks *right*

# UNRIVALLED

# REINFORCEMENT

Our sofa ranges come in a variety of shapes, sizes and fabric choices but it is their reinforcement that really sets them apart.

All products are strength tested for severe non-domestic use

# STANDARD VS PLUS?

<b>STANDARD</b>	Enhanced durability for lower risk spaces	
<b>PLUS</b>	Ideal for extremely challenging environments	
	<p>→ Security screws are also used, where applicable, to minimize potential for tampering</p>	

# DOMUS PLUS

# SOVIE

This range has been designed to provide an ideal safety solution for beds in challenging environments.

Fixed or removable restraints available with fully customizable number of fixings and locations [below](#)

Infill panels can be used to minimize concealment opportunities when positioned against a wall [above](#)

**Strength**  
Internal support ribs provide extra strength and durability

**Water resistance**  
Sovie's one-piece mattress platform has no joints or crevices through which liquid can permeate, preserving hygiene and infection control levels

**Kydex material**  
The Sovie bed is coated in Kydex\* - a tough plastic found in aircraft interiors. It has an extremely durable finish which withstands impact and is resistant to tough chemical cleaners. It is also flame-retardant and anti-bacterial.

*\*white finish uses Kydex, hickory uses Epotesch thermoformed plastic*

## SOVIE BEDS

**Sovie single box bed**  
1SVEA-100-80  
18.5"H | 83"L | 38.5"W  
Weight: 265 lbs.

**Sovie bariatric single bed**

**Sovie Flare single bed**  
1SVFA-100-80  
19"H | 83"L | 39"W  
Weight: 240 lbs.

### KEY FEATURES

- Water-resistant one-piece mattress tray
- Internal support ribs provide extra strength and durability
- Outer skin provides an extremely durable finish which is water-resistant, stain resistant, anti-bacterial and flame-retardant
- Suitable for use with our foam mattresses

### OPTIONS

- Floor fastened versions – please advise when placing an order
- Infill panels minimize concealment risks when positioned against a wall
- Fixed or removable restraints available with fully customizable number of fixings and locations
- Available in Hickory or White finish

# SCORPIO COLLAPSIBLE

Versatile design serves multiple functions including making it usable for soft seating

The design of our Scorpio collapsible mattress prevents obscuring of vision panels as it ‘collapses’ when stood on end.

	<p>Fire-retardant for added safety and peace of mind</p>		<p>An optional security under layer makes damage more noticeable during staff inspection</p>		<p>Unlike separate pillows, the optional integral pillow cannot be used to as a weapon or to block plumbing</p>
--	--	--	--	--	---

## SCORPIO COLLAPSIBLE

Scorpio Collapsible anti-vandal foam mattress

# RYNO

## ORDER GUIDE

Due to the number of options available with our versatile Ryno range, there are many different product codes. This section lists each product in the range with its corresponding product code to note when ordering as well as informing of color options.

Of course, you don't need to know the precise code when ordering, you can simply ask for a weighted blue dining chair, but some of our customers prefer to use codes when specifying particular projects.

COLORKEY → ALL				
Choose from 10 colors across both core and non-core options				
→ Shading represents core colors				

COLORKEY → DINING TABLES			
Choose from 4 colors across both core and non-core options (Activity table only)			
→ Shading represents core colors

# UPHOLSTERY

We provide an extensive range of water-resistant fabrics and vinyls to ensure that you will find the right finish for your furniture.

## Fabrics

A durable option which combines the comfort of soft fabric with practical water-resistant properties. Please be aware, these fabrics are more susceptible to stains than vinyl.

Call us to request your fabric swatch cards to see the full choice available

## Vinyls

Hard wearing and water-resistant, leather-effect vinyls can be wiped clean which makes them a hygienic and practical option for healthcare environments.

Call us to request your fabric swatch cards to see the full choice available

*Look out for ranges available in dual fabrics*

Although we offer a comprehensive range of fabric options, we can use customers' own fabric, or COM, if required.

Check our statement of line pages at the end of each section for COM yardage information for each product.

**Please note:** Cracking and stickiness on vinyl fabrics are known issues to fabric manufacturers. As furniture manufacturers, Pineapple cannot accept responsibility.
