Designed for peace of mind

FURNITURE FOR BEHAVIORAL HEALTH

Pineapple

When we design furniture for some of the most difficult environments imaginable, the first thing we do is listen. Listen to our customers' unique challenges,	DEUIUVIED
their day to day needs and above all, who they need to look after.	DESIGNED
Listening is the first step of the 'Pineapple Process', helping us to find furniture that	
precisely solves the problem. If we don't have something suitable, we create it.	FOR PEACE
Innovative solutions, technical expertise and thoughtful design, we take pride in	ΓΙΙΚ ΡΓΔΙ.Γ
creating furniture that's exactly fit for purpose.	IOIII LAGE
Our customers get mindfully designed furniture that works effortlessly and	OF MIND
looks great. But much more than that, they can go to work knowing they've	I I I I VIII VIII VIII VIII VIII VIII
done everything they can to create a calm environment.	

IT ALL BEGAN IN

Our founder, William Hathorn, started our company in a workshop in London, England. Originally trading as Pine Productions, based on the popular wood we used to build our furniture, we crafted strong, durable products using traditional carpentry methods. But as our business grew and we began to provide furniture in a variety of materials for the healthcare market, the name no longer fitted. So, with a nod to our beginnings, we took a bold step and became Pineapple.

As our reputation for designing for demanding environments grew, so did demand for our products and we soon expanded into new premises, doubling our production capacity. We started creating technically advanced furniture for secure settings like mental health units and prisons, as well as lower risk spaces like hospitals, healthcare and education facilities.

45 YEARS OF **INNOVATION**

We continue to create innovative furniture to deliver real-life solutions for our customers and, from initial concept right through to manufacture and delivery, we have full control of the process. All of our designs are either manufactured by us or by our carefully chosen partners who produce our furniture under license to meet our precise specification and design.

While our business is now international and our vision more ambitious than ever, we're still a family business at heart. Our work ethic and attention to detail is exactly the same as when we started in 1975.

PROJECTS

We have supplied safe, durable furniture to customers across 98% of the states of America through our network of offices and dealers.

To explore the very latest projects, please visit our website.

Our products are now available for download on Configura CET, a leading software platform for designing commercial spaces.

With this integration, customers can easily access and configure our products, ensuring a seamless experience for designers.

Look out for us on the Configura CET marketplace!

CONTENTS

SAFE & SUSTAINABLE

Flame-retardant	Strength tested	Environmental
Flame-retardant to contract level, all of our upholstery and fabrics meet CAL TB 116 & 117, NFPA 260 USA. This allows you to purchase with complete confidence knowing that all our products and fabrics are fully tried and tested.	Our Ryno seating conforms to AINSI/BIFMA static load testing to a weight of at least 1,000 lbs. All of our furniture is also strength and stability tested to contract level. The picture below shows one of our sofas undergoing strength and stability testing. In this demanding test, seat and back durability is tested at least 100,000 times.	All the wood we use to build our furniture originates from responsibly managed forests. As supporters of good forest management, we use only suitably certified wood wherever possible. All our furniture is designed to last a lifetime, minimizing waste and our Ryno® range is also 100% recyclable. Our commitment to these ideals is demonstrated in our INT-COC-001353 and ISO 14001: 2015 awards, and our FSC® Chain of Custody certificate FSC-C015370. In addition, we are certified under PEFC Chain of Custody certificate INT-PEFC/COC-001353. FSC® certified products available upon request.

GUARANTEE & SERVICE

We pride ourselves on our aftercare service.
Our support continues beyond the point
of sale, going the extra mile to achieve
complete customer satisfaction.

Over the past forty years we've built our business on providing the best products and service in our industry. We're proud of the strength of our products as well as the relationships we have with our customers.

Giving you total peace of mind

Most of our furniture is guaranteed against manufacturing faults for 7 years

Our superbly durable Ryno® range comes with a lifetime quarantee

Our experienced CAD design team can produce detailed, dimensioned drawings (in plan view and 3D perspective) showing layouts and options to help you create your ideal environment.

Scandinavia UK & Ireland Netherlands/Belgium Germany France

OUR NETWORK

Our growing global operation includes offices and partners around the world, ensuring that we can help customers wherever they are, whenever they need it.

VISIT OUR SHOWROOM

Our showroom in
Michigan provides the
opportunity to experience
the comfort of our
products for yourself as
well as making
side-by-side comparisons
to ensure you make the
right choice.

Feel free to bring your clients along too, have a coffee and look through materials and product options before making a decision.

Can't make it?

If you can't make it to see us, we can always bring furniture samples to you.

Our demonstration models are an ideal way to help our customers make the right choice when it comes to furniture.

Dining area

Stress can be heightened during mealtimes, so our furniture is designed to minimize conflict as well as withstand challenging behavior. Our Ryno® activity table can be weighted to prevent overturning and preserve safety.

Quiet lounge

Modular reinforced seating like our Snug Plus range can help to encourage social inclusion, while soft foam Contessa shapes and cozy Boden bean bags provide a safe space for quiet reflection.

Waiting ar

Space efficient, easy-to-clean designs like Skye Plus provide comfort for visitors while enabling staff to fulfil their duties more efficiently.

Bedroom

Bedrooms are private spaces where round-theclock observation may not be practical. Our safest bedroom ranges are designed to minimize ligature risks and reduce opportunities for damage.

Outdoor space

Products in our Ryno® range are totally waterresistant and UV-stabilized, and can be heavily weighted, making them a safe and durable option for outdoor spaces.

Day room

Lockable wall and floor mounted TV cabinets with durable polycarbonate screens offer protection for equipment, and there is extensive choice in our broad range of sofas.

RYNO® COMBINING FXTRANRDINARY RESII IFNCE WITH ORGANIC STYLING

Ryno products are made to the highest standards and designed to withstand the harshest treatment, representing value for money over their lifetime.

All have been created with safety in mind, with all their characteristics resulting in safer settings for users and staff.

Ryno products are totally water-resistant and UV-stabilized, making them suitable for indoor and outdoor use in all weather below

Fastening

Lifetime guarantee

All Ryno products are covered by a lifetime guarantee against manufacturing faults, providing additional peace of mind

The Ryno range complies with CAL 133 and UL94 HB fire standards

Using our unique hidden fastening methods, Ryno products can be secured to floors and/or walls, deterring weaponization and reducing opportunities for concealment above

Heavyweight

Ryno products can be heavily weighted to make them near-impossible to pick up or throw, to create safer environments

Their one-piece construction enables Ryno products to withstand extreme treatment, with smooth curves distributing impact evenly throughout the product

Hygienic

The water-resistant nature of Ryno products means they can be easily wiped clean, ready to be used again

Ryno multi-purpose cleaning wipes are available upon request

RYNO® MATERIAL

Ryno products are manufactured from a unique polyethylene compound developed to create safe, durable products.

A UV-stabilizing additive protects Ryno products against the damaging effects of the sun's rays, limiting color fading and brittleness when used for extended periods outdoors.

The polymer used to make Ryno products complies with CAL 133 and UL94 HB fire standards.

Made from 100% recyclable content, when the products reach the end of their useful life, they can be returned to us, ground down into small granules and used to create new pieces of furniture, reducing their impact on the environment

RYNO[®] COLORS

A palette of therapeutic hues

Color can play a key role in humanizing healthcare environments, which is why we enlisted the help of SeymourPowell, one of the world's leading design and innovation consultancies, to assist us in selecting a palette of therapeutic hues.

Whether the aim is to create a soothing and reassuring space or provide inclusive stimulation, our unique colors can help to achieve it.

BYNO BEDROOM

The products in this unique collection are manufactured in a single continuous piece.

This helps to create extremely durable products which, unlike traditional cabinetry, cannot be disassembled to be used as weapons.

The one-piece design also eliminates gaps, making the products totally water-resistant and preventing the concealment of contraband.

Fixed or removable restraints available with fully customizable number of fixings and locations left

Optional infill panel minimizes concealment opportunities when positioned against a wall below

Innovative hidden floor-fastening options help to create safer spaces for patients and staff

Integrated clothes storage solution minimizes ligature risks right

RYNO ORDER GUIDE

Due to the number of options available with our versatile Ryno range, there are many different product codes. This section lists each product in the range with its corresponding product code to note when ordering as well as informing of color options.

Of course, you don't need to know the precise code when ordering, you can simply ask for a weighted blue dining chair, but some of our customers prefer to use codes when specifying particular projects.

RYNO®

UPHOLSTERY

We provide an extensive range of water-resistant fabrics and vinyls to ensure that you will find the right finish for your furniture.

Fabrics

A durable option which combines the comfort of soft fabric with practical water-resistant properties. Please be aware, these fabrics are more susceptible to stains than vinyl.

Call us to request your fabric swatch cards to see the full choice available

LATEX FREE

Hard wearing and water-resistant, leather-effect vinyls can be wiped clean which makes them a hygienic and practical option for healthcare environments.

Call us to request your fabric swatch cards to see the full choice available

Although we offer a comprehensive range of fabric options, we can use customers' own fabric, or COM, if required.

Check our statement of line pages at the end of each section for COM yardage information for each product.
