

Designed for  
peace of mind

# FURNITURE FOR BEHAVIORAL AND MENTAL HEALTH

**Pineapple**

When we design furniture for some of the most difficult environments imaginable,  
the first thing we do is listen. Listen to our customers' unique challenges,  
their day to day needs and above all, who they need to look after.

Listening is the first step of the 'Pineapple Process', helping us to find furniture that  
precisely solves the problem. If we don't have something suitable, we create it.  
Innovative solutions, technical expertise and thoughtful design, we take pride in  
creating furniture that's exactly fit for purpose.

Our customers get mindfully designed furniture that works effortlessly and  
looks great. But much more than that, they can go to work knowing they've  
done everything they can to create a calm environment.

# DESIGNED FOR PEACE OF MIND

## IT ALL BEGAN IN

Our founder, William Hathorn, started our company in a workshop in London, England. Originally trading as Pine Productions, based on the popular wood we used to build our furniture, we crafted strong, durable products using traditional carpentry methods. But as our business grew and we began to provide furniture in a variety of materials for the healthcare market, the name no longer fitted. So, with a nod to our beginnings, we took a bold step and became Pineapple.

As our reputation for designing for demanding environments grew, so did demand for our products and we soon expanded into new premises, doubling our production capacity. We started creating technically advanced furniture for secure settings like mental health units and prisons, as well as lower risk spaces like hospitals, healthcare and education facilities.

# 1975

# TODAY

## 50 YEARS OF INNOVATION

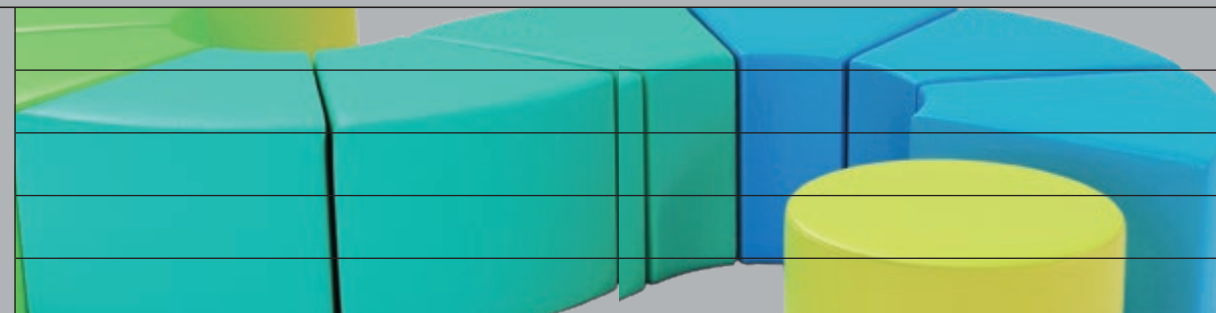

We continue to create innovative furniture to deliver real-life solutions for our customers and, from initial concept right through to manufacture and delivery, we have full control of the process. All of our designs are either manufactured by us or by our carefully chosen partners who produce our furniture under license to meet our precise specification and design.

While our business is now international and our vision more ambitious than ever, we're still a family business at heart. Our work ethic and attention to detail is exactly the same as when we started in 1975.

THE PINEAPPLE PROCESS

# We listen

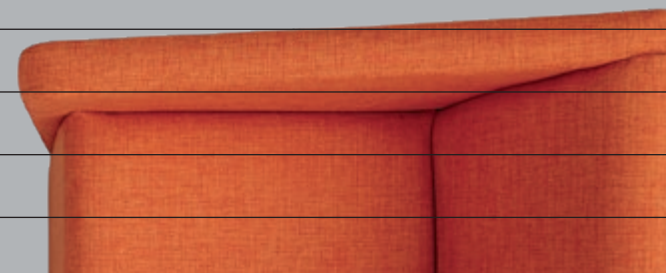

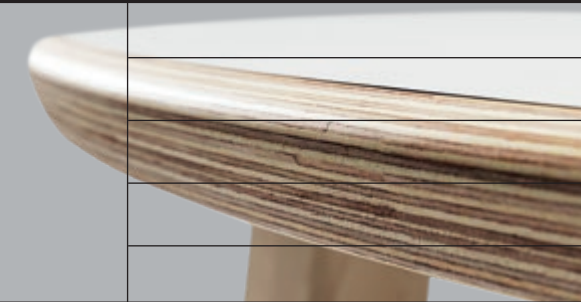

01

We listen more widely and more deeply to our customers' unique set of challenges; they might be safety concerns, maintenance issues or limited space. With forty years of experience under our belts, we're good at listening and know the right questions to ask.

02

# understand

Drawing on the expertise of our Global Advisory Board and our knowledge of best practice, we identify solutions that fit each brief. Then we define exactly what your furniture needs to deliver purpose for your environment, taking physical, functional and emotional needs into account.

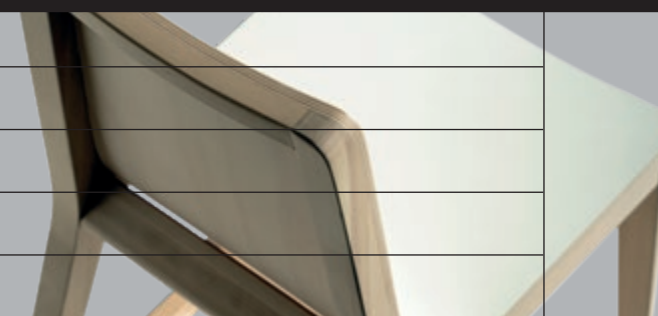

03

# match

Now we understand your environment and precise needs, we can match you with the right products that will solve them. With hundreds of ranges to choose from, there is usually a solution that fits but if there isn't, we'll work with you to create one.

04

We deliver mindfully designed furniture that is exactly fit for purpose. We continue to learn from each new project, building the knowledge we gain into our new and existing product ranges to make them safer than ever.

# deliver

# CARE CONCERNS

And how our products are designed to help

## Ligature Risks

Our products feature innovative design details which minimize ligature risks and maximize safety in behavioral and mental health environments.

## Weaponization

Ryno products' single-piece design ethos makes them impossible to disassemble or weaponize, protecting staff and patients from injury.

## Concealment

Our anti-concealment products are designed to minimize concealment opportunities and make inspection safer for staff.

## Bed bugs & Infection Control

The smooth surface and absence of crevices makes Ryno products bed bug resistant, and they can be thoroughly cleaned with medical cleaning products.

# ON HAND TO HELP

Whether you need help making the most of your space, or to test the quality of our furniture for yourself, we're on hand to help your project run as smoothly as possible.

Our products are now available for download on Configura CET, a leading software platform for designing commercial spaces.

With this integration, customers can easily access and configure our products, ensuring a seamless experience for designers.

Look out for us on the Configura CET marketplace!

# PROJECTS

We have supplied safe, durable furniture to customers across all 50 states in the US through our network of offices and dealers.

To explore the very latest projects, please visit our website.

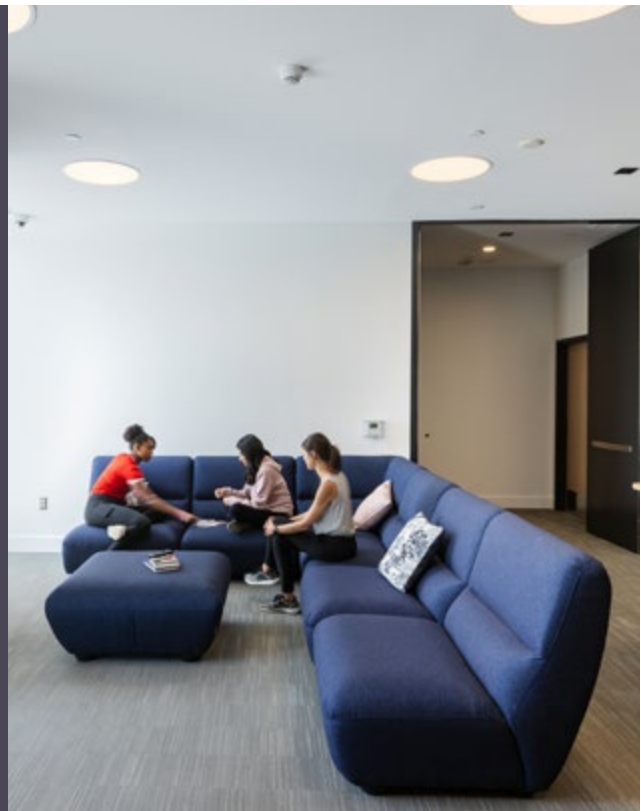

## Douglas County, NE

The Radius campus is a non-profit juvenile justice center focused on restoring relationships between youth, families, and their community.

Using our furniture, the client was able to provide a home-like environment for their residents.

LEVELS OF SEVERITY

3	●	●	Level 3: Extremely resilient, these products are designed for extremely challenging environments
●	2	●	Level 2: Safe and secure, these products are recommended for challenging environments
●	●	1	Level 1: Durable and dependable, these products are suitable for lower risk environments

# SAFE & SUSTAINABLE

Flame-retardant	Strength tested	Environmental
<p>Flame-retardant to contract level, all of our upholstery and fabrics meet CAL TB 116 &amp; 117, NFPA 260 USA.</p> <p>This allows you to purchase with complete confidence knowing that all our products and fabrics are fully tried and tested.</p>	<p>Our Ryno seating conforms to AINSI/BIFMA static load testing to a weight of at least 1,000 lbs.</p> <p>All of our furniture is also strength and stability tested to contract level.</p> <p>The picture below shows one of our sofas undergoing strength and stability testing. In this demanding test, seat and back durability is tested at least 100,000 times.</p>	<p>All the wood we use to build our furniture originates from responsibly managed forests.</p> <p>As supporters of good forest management, we use only suitably certified wood wherever possible.</p> <p>All our furniture is designed to last a lifetime, minimizing waste and our Ryno® range is also 100% recyclable.</p> <p>Our commitment to these ideals is demonstrated in our INT-COC-001353 and ISO 14001: 2015 awards, and our FSC® Chain of Custody certificate FSC-C015370. In addition, we are certified under PEFC Chain of Custody certificate INT-PEFC/COC-001353.</p>
		<p>FSC® certified products available upon request.</p>

# GUARANTEE & SERVICE

We pride ourselves on our aftercare service. Our support continues beyond the point of sale, going the extra mile to achieve complete customer satisfaction.

Over the past forty years we've built our business on providing the best products and service in our industry. We're proud of the strength of our products as well as the relationships we have with our customers.

## Giving you total peace of mind

Most of our furniture is guaranteed against **manufacturing faults** for 7 years

Our superbly durable **Ryno®** range comes with a **lifetime guarantee**

Our experienced CAD design team can produce detailed, dimensioned drawings (in plan view and 3D perspective) showing layouts and options to help you create your ideal environment.

# OUR NETWORK

Our growing global operation includes offices and partners around the world, ensuring that we can help customers wherever they are, whenever they need it.

# VISIT OUR SHOWROOM

Our showroom in Michigan provides the opportunity to experience the comfort of our products for yourself as well as making side-by-side comparisons to ensure you make the right choice.

Feel free to bring your clients along too, have a coffee and look through materials and product options before making a decision.

## Book your visit

 Call 800.496.9324 to book your visit

Can't make it?

If you can't make it to see us, we can always bring furniture samples to you.  
 Our demonstration models are an ideal way to help our customers make the right choice when it comes to furniture.

# THE FULL PACKAGE

Our extensive furniture range can be used to furnish all areas of a modern facility, helping to create a safer environment for patients, staff and visitors.

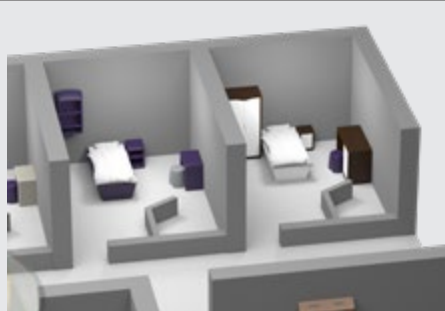

**Dining area**  
Stress can be heightened during mealtimes, so our furniture is designed to minimize conflict as well as withstand challenging behavior. Our Ryno® activity table can be weighted to prevent overturning and preserve safety.

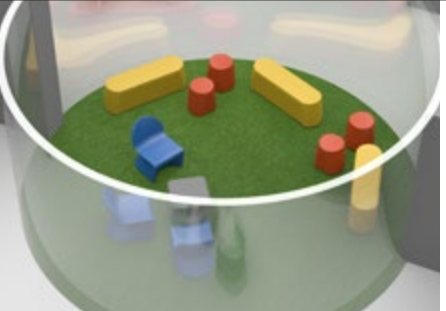

**Quiet lounge**  
Modular reinforced seating like our Snug Plus range can help to encourage social inclusion, while soft foam Contessa shapes and cozy Boden bean bags provide a safe space for quiet reflection.

**Waiting area**  
Space efficient, easy-to-clean designs like Skye Plus provide comfort for visitors while enabling staff to fulfil their duties more efficiently.

**Bedroom**  
Bedrooms are private spaces where round-the-clock observation may not be practical. Our safest bedroom ranges are designed to minimize ligature risks and reduce opportunities for damage.

**Outdoor space**  
Products in our Ryno® range are totally water-resistant and UV-stabilized, and can be heavily weighted, making them a safe and durable option for outdoor spaces.

**Day room**  
Lockable wall and floor mounted TV cabinets with durable polycarbonate screens offer protection for equipment, and there is extensive choice in our broad range of sofas.

# RYNO<sup>®</sup>

Ryno products are made to the highest standards and designed to withstand the harshest treatment, representing value for money over their lifetime.

All have been created with safety in mind, with all their characteristics resulting in safer settings for users and staff.

### Weatherproof

Ryno products are totally water-resistant and UV-stabilized, making them suitable for indoor and outdoor use in all weather below

### Lifetime guarantee

All Ryno products are covered by a lifetime guarantee against manufacturing faults, providing additional peace of mind

### Flammability

The Ryno range complies with CAL 133 and UL94 HB fire standards

### Fastening

Using our unique hidden fastening methods, Ryno products can be secured to floors and/or walls, deterring weaponization and reducing opportunities for concealment above

### Strength

Their one-piece construction enables Ryno products to withstand extreme treatment, with smooth curves distributing impact evenly throughout the product

### Hygienic

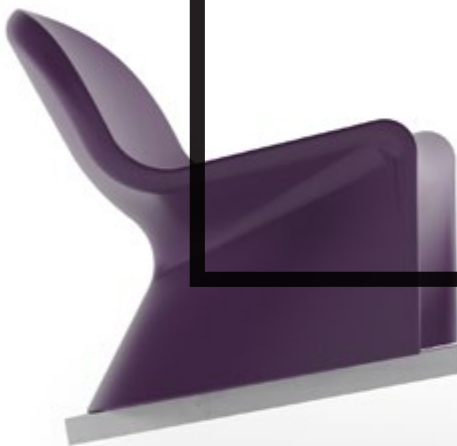

The water-resistant nature of Ryno products means they can be easily wiped clean, ready to be used again

*Ryno multi-purpose cleaning wipes are available upon request*

### Heavyweight

Ryno products can be heavily weighted to make them near-impossible to pick up or throw, to create safer environments

# RYNO<sup>®</sup> MATERIAL

Ryno products are manufactured from a unique polyethylene compound developed to create safe, durable products.

		A UV-stabilizing additive protects Ryno products against the damaging effects of the sun's rays, limiting color fading and brittleness when used for extended periods outdoors.
		The polymer used to make Ryno products complies with CAL 133 and UL94 HB fire standards.
		Made from 100% recyclable content, when the products reach the end of their useful life, they can be returned to us, ground down into small granules and used to create new pieces of furniture, reducing their impact on the environment

# RYNO<sup>®</sup> COLORS

A palette of therapeutic hues

Color can play a key role in humanizing healthcare environments, which is why we enlisted the help of SeymourPowell, one of the world's leading design and innovation consultancies, to assist us in selecting a palette of therapeutic hues.

Whether the aim is to create a soothing and reassuring space or provide inclusive stimulation, our unique colors can help to achieve it.

KEY FEATURES		OPTIONS
→ One-piece design makes products water-resistant and prevents concealment of contraband	→ Ergonomically designed to give excellent comfort	→ Innovative floor fixing solutions
→ Heavily weighted as standard to deter misuse (other weight options available)	→ Hygienic wipe-clean material	→ Linking bracket to connect chairs
	→ Safely rounded corners	→ Lightweight models available

**Please note:** Due to the natural nature of OceanGreen's material, there may be slight color variations between products.

# RYNO<sup>®</sup> BEDROOM

The products in this unique collection are manufactured in a single continuous piece.

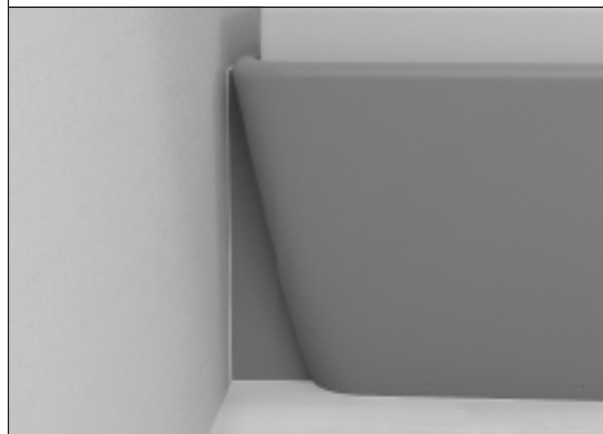

This helps to create extremely durable products which, unlike traditional cabinetry, cannot be disassembled to be used as weapons.

The one-piece design also eliminates gaps, making the products totally water-resistant and preventing the concealment of contraband.

Fixed or removable restraints available with fully customizable number of fixings and locations [left](#)

Optional infill panel minimizes concealment opportunities when positioned against a wall [below](#)

Innovative hidden floor-fastening options help to create safer spaces for patients and staff

Integrated clothes storage solution minimizes ligature risks [right](#)

# UNRIVALLED

# REINFORCEMENT

Our sofa ranges come in a variety of shapes, sizes and fabric choices but it is their reinforcement that really sets them apart.

All products are strength tested for severe non-domestic use

# STANDARD VS PLUS?

<b>STANDARD</b>	Enhanced durability for lower risk spaces
	<p>Webbed back</p> <p>+ Reinforced seat adds strength &amp; durability</p> <p>Cloth underside</p>
<b>PLUS</b>	Ideal for extremely challenging environments
	<p>+ Reinforced back adds strength &amp; durability</p> <p>+ Reinforced seat adds strength &amp; durability</p> <p>+ Reinforced underside adds strength &amp; reduces concealment opportunities</p> <p>→ Security screws are also used, where applicable, to minimize potential for tampering</p> <p>→ No use of piping or visible staples reduces ligature risks</p>

# SKYE PLUS

Seat static weight tested to 1100 LBS.

**Skye Plus chair**  
1SKYP1-400  
32.4"H | 28.9"W | 30.9"D  
Seat height: 15.7"  
Weight: 88 lbs.

# LEVO

## REDUCED LIGATURE RECLINER

Many reclining chairs can present safety risks in mental health environments, either due to their controls (handles, buttons and electric handsets) or their reclining mechanisms, which may be tampered with or used as a ligature point.

The Levo reduced-ligature reclining chair has been designed to minimize these risks. Activated by body weight alone, there are no external controls, and the reclining mechanism has been made inaccessible to minimize ligature risks.

*Inaccessible reclining mechanism minimizes ligature risks*

*Activated by bodyweight alone, with no buttons or levers*

# LEVO REDUCED-LIGATURE RECLINER

**Levo reduced-ligature recliner**  
Standard weight (198lb): 1LV1-00

Upright dimensions:  
48.4H | 33.5W | 50.5D (in)

Reclined dimensions:  
34.7H | 33.5W | 72.2D (in)

*A comfortable, safe solution for Mental Health Crisis Assessment Services*

## KEY FEATURES

- Reclining motion is controlled with body weight - no controls or power required
- Inaccessible internal mechanism designed to minimize ligature risks
- The generous width seat provides comfort during long periods of sitting and sleeping
- The high-back design offers head and neck support
- Robust and hygienic polyethylene base
- Base is made from 100% recyclable materials

## OPTIONS

- Available with additional weighting (295lb)
- Seat and back available in a wide range of water-resistant upholstery
- Arms and base available in several versatile colors

# SEAL ANTI-CONCEALMENT

Seat static weight tested to

**Seal anti-concealment chair**  
1SAS1-70

**Harby Plus Open chest with 4 compartments**  
1HYPKO-400  
29.1"H | 29.9"W | 17.7"D

**Harby Plus Open desk**  
1HYPDO-400  
28.9"H | 42.7"W | 28.9"D

**Harby Plus Open nightstand with 3 compartments**  
1HYPBO-300  
23.2"H | 15.7"W | 17.7"D

## KEY FEATURES

- 1.10" thick tops and 0.7" hickory melamine-faced carcass
- Designed without doors for safety and durability
- Half-depth shelf with groove instead of clothes rail to minimize ligature risks

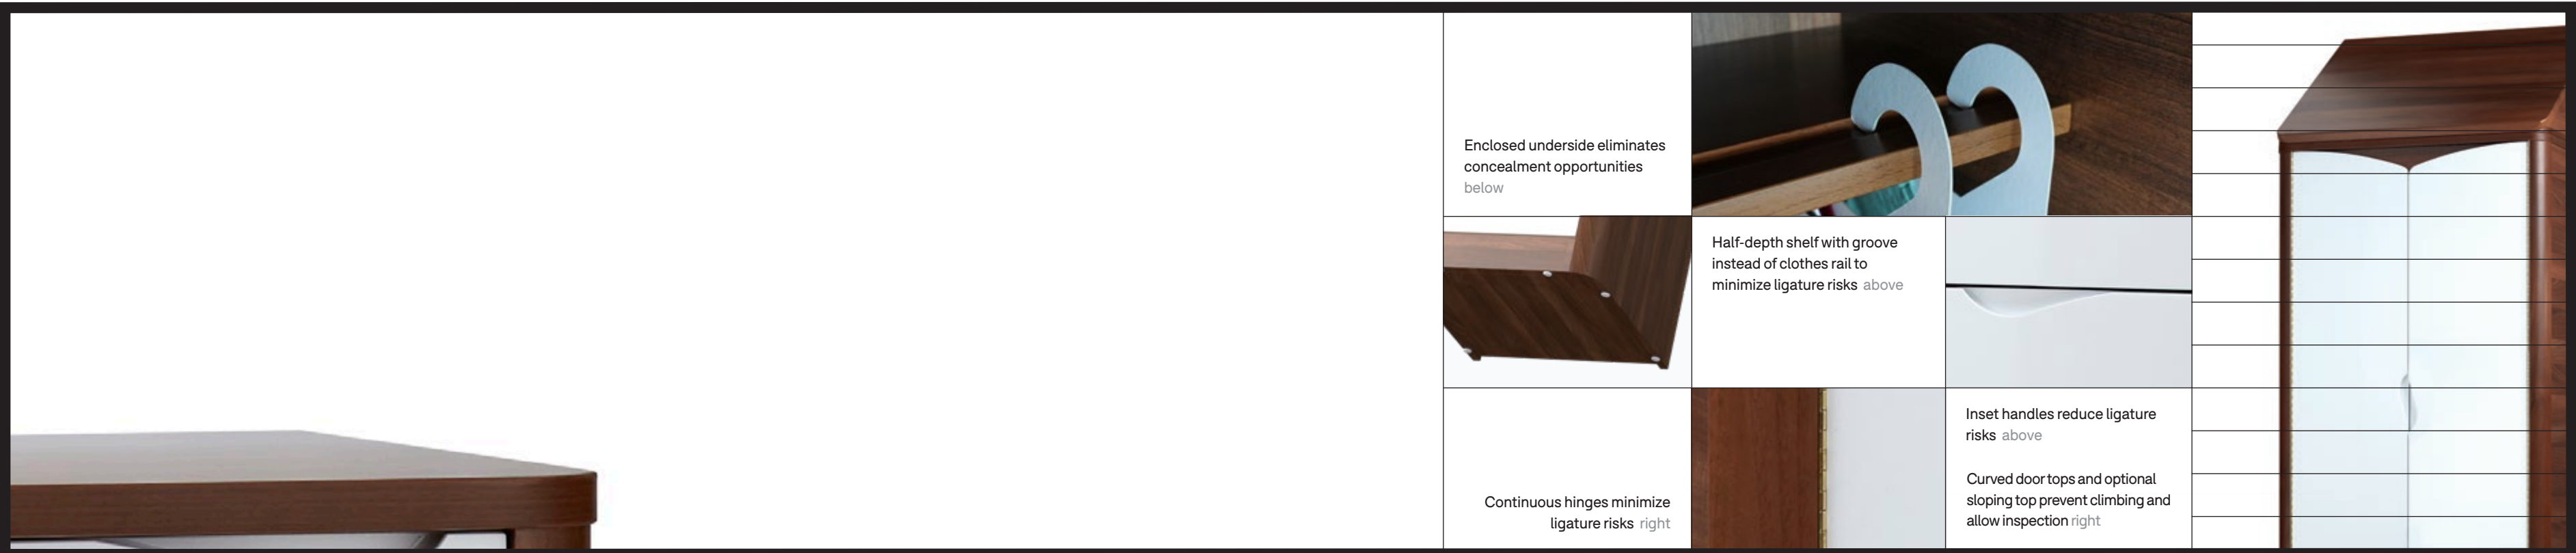

- Fixed shelves with reinforcement panels to prevent misuse
- Security fixings as standard

## OPTIONS

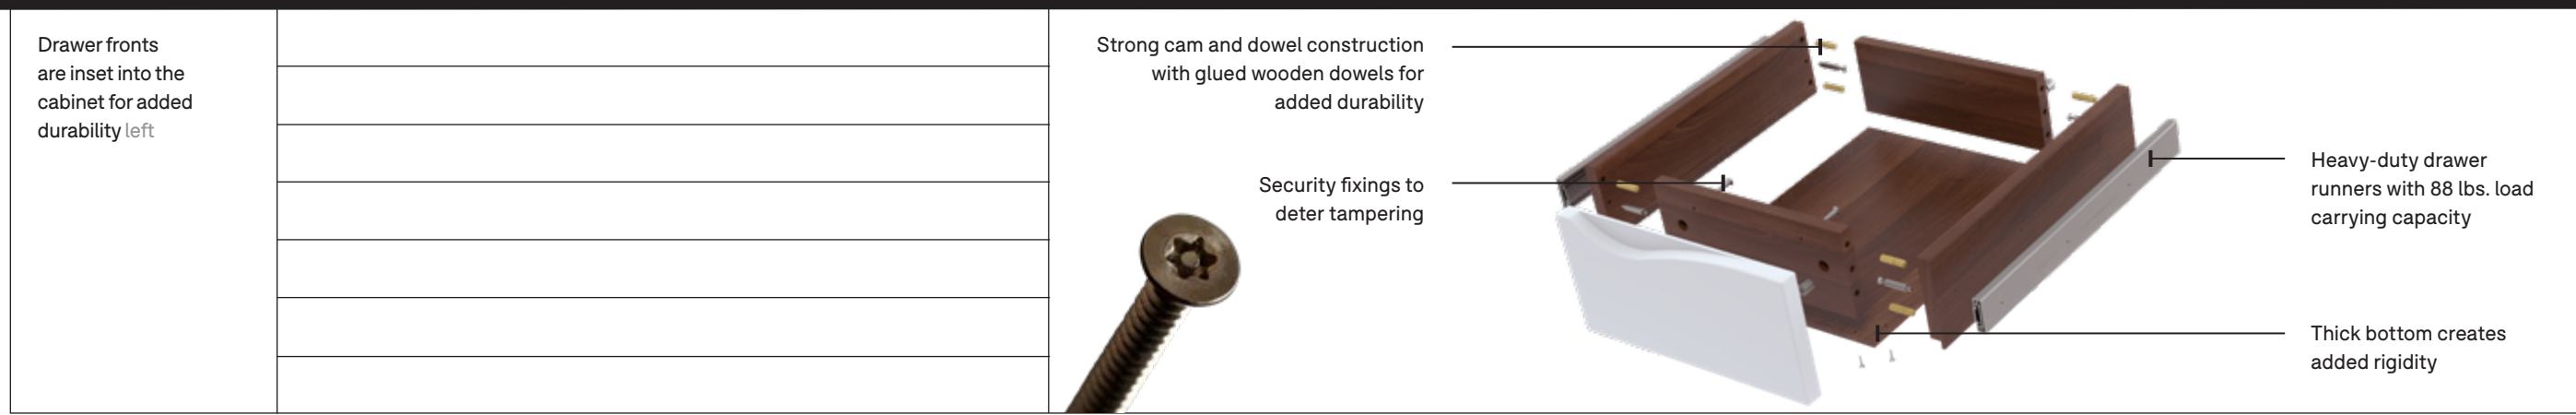

- Sloping top to prevent climbing and allow thorough inspection

*Designed without doors and drawers to further reduce ligature risks*

Acumen has been specially designed for challenging environments with reduced-ligature features and minimized concealment opportunities.

# ACUMEN

2

**Acumen nightstand**  
1AUB-101

## KEY FEATURES

- Heavyweight to deter misuse
- 1" side panels for strength with solid reinforced under rails
- Enclosed base to minimize concealment opportunities
- Smooth rounded corners for safety

## OPTIONS

- Available in Hickory and Walnut finish

# SOVIE

This range has been designed to provide an ideal safety solution for beds in challenging environments.

Fixed or removable restraints available with fully customizable number of fixings and locations [below](#)

Infill panels can be used to minimize concealment opportunities when positioned against a wall [above](#)

**Strength**  
Internal support ribs provide extra strength and durability

**Water resistance**  
Sovie's one-piece mattress platform has no joints or crevices through which liquid can permeate, preserving hygiene and infection control levels

**Duratec material**  
The Sovie bed is coated in Duratec\* - a tough plastic found in aircraft interiors. It has an extremely durable finish which withstands impact and is resistant to tough chemical cleaners. It is also flame-retardant and anti-bacterial.

*\*white finish uses Duratec, hickory uses Epotesch thermoformed plastic*

## SOVIE BEDS

**Sovie twin box bed**  
1SVEA-100

Strap bar easily removed when not required to minimize ligature risks

Lock barrel remains in place to reduce risk of weaponization

# SCORPIO COLLAPSIBLE

Versatile design serves multiple functions including making it usable for soft seating

The design of our Scorpio collapsible mattress prevents obscuring of vision panels as it ‘collapses’ when stood on end.

	<p>Fire-retardant for added safety and peace of mind</p>		<p>An optional security under layer makes damage more noticeable during staff inspection</p>		<p>Unlike separate pillows, the optional integral pillow cannot be used to as a weapon or to block plumbing</p>
--	--	--	--	--	---

## SCORPIO COLLAPSIBLE

Scorpio Collapsible anti-vandal foam mattress

## FLEX Profiling mattress

**Flex profiling mattress**  
1FLEX910-1930-152-C5  
6H | 76L | 35.8W (in)

Recommended for use with:  
→ Solo MH profiling bed

## FORM Pressure relieving mattress

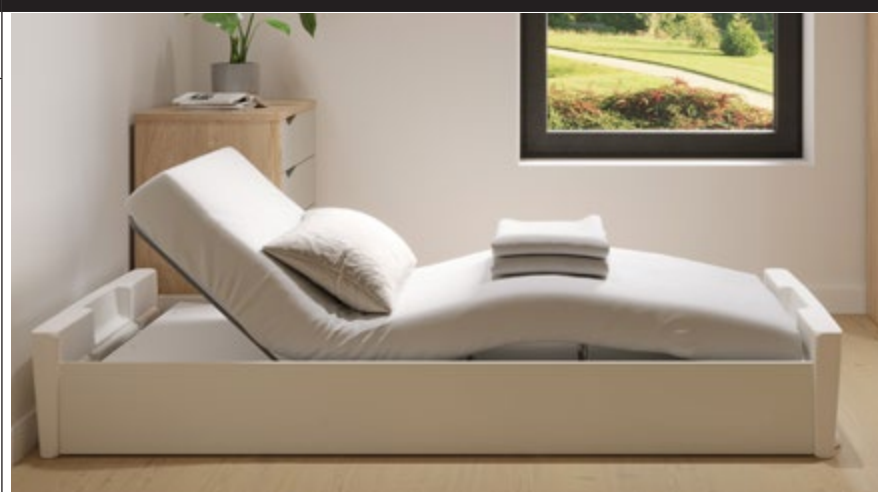

**Form pressure relieving mattress**  
1FO7-001-5  
7.1H | 74.8L | 35.4W (in)

Recommended for use with:  
→ Harby 3' single bed  
→ Acumen 3' single bed

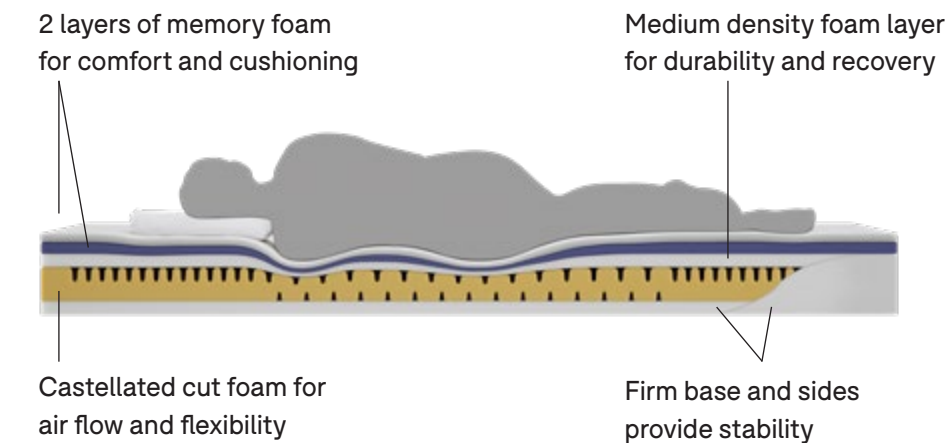

### KEY FEATURES

- Castellations allow the mattress to flex in both directions, making it suitable for use with our Solo profiling bed
- Hygienic wipe-clean polyurethane cover with water-resistant welded seams
- Compliant with flammability standard BS 6807:2006 Ignition Source 5, Clause 9
- Reversible design means the mattress can be turned regularly for added longevity

### KEY FEATURES

- 5 layers of specialist foam designed to provide long-term comfort and support
- Castellated layer aids air flow and flexibility
- Firm base and sides provide stability
- Hygienic wipe-clean polyurethane cover with water-resistant welded seams
- Compliant with flammability standard BS 6807:2006 Crib Ignition source 5, Clause 9
- Pressure map data available on request

KEY FEATURES OPTIONS		OPTIONS
→ Helps to reduce excessive noise through diffusion and absorption of sound waves	→ Fire retardant to BS 5852:2006 Clause 12 (Source 0 and 1)	→ Choose from 7 versatile color
→ Designed to minimize ligature risks and prevent climbing	→ Reduces reverberation time from 5.57s to 3.07s at 500Hz	→ Customizable design allows for endless configurations
→ Adhesive installation method (fixing components) help to maximize safety		

## FYNN TASK LIGHT

Fynn task light  
1FYN-01  
6.9H | 4.7W | 3.9D (in)

MEDIUM  
BEAM  
ANGLE

### KEY FEATURES

- Reduced-ligature design and anti-tamper fixings to protect users from harm
- Cast aluminium case which is impact tested to IK10 to ensure durability
- User-friendly touch-operated dimming control
- Energy efficient 5w warm-white LEDs
- Splash-resistant IP44 rating
- 6mm shatter-resistant polycarbonate lens

### OPTIONS

- Cool White 4000k option
- Choose from Polar White, Cool Green, Dusty Blue, Teal, Moonwalk Gray and Anthracite Gray

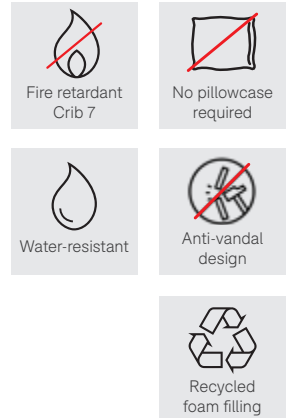

## NORA TEAR-RESISTANT PILLOW

**Nora tear-resistant pillow**  
1NR-500-GR  
4.7H | 21.65W | 15.7D (in)  
Weight: 1.83lb

*Vent allows air to move freely while protecting from fluid entry*

Designed for the most demanding environments, Nora is an anti-vandal pillow which complies with the very highest flammability standards, and avoids the need for a pillowcase – something which could otherwise pose a safety risk.

Soft to the touch but resistant to damage, Nora's heavy-duty covering and welded seams work together to create a water-resistant and anti-vandal pillow. An integrated hydrophobic vent allows air to move freely while protecting the interior of the pillow from fluid ingress.

Inside, a fire-retardant liner surrounds the supportive filling made from 100% recycled polyester fibre filling. Nora has been tested to Crib Source 7, making it suitable for locked establishments like custodial facilities.

### KEY FEATURES

- Heavy duty anti-vandal cover is made for extra challenging environments
- Soft yet secure material is ideal for seclusion
- Hygienic wipe-clean surface
- Breathable design with an air vent fully welded on the side of the pillow
- Rated to Crib Source 7, with a fire-retardant interliner and filling
- No pillowcase needed

# UPHOLSTERY

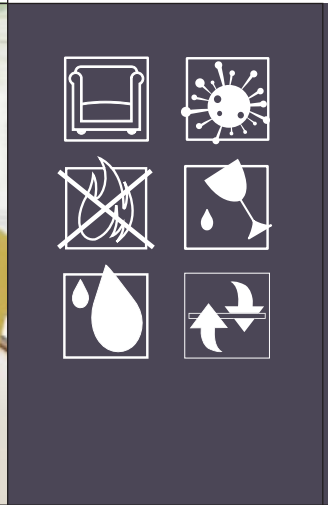

We provide an extensive range of water-resistant fabrics and vinyls to ensure that you will find the right finish for your furniture.

## Fabrics

A durable option which combines the comfort of soft fabric with practical water-resistant properties. Please be aware, these fabrics are more susceptible to stains than vinyl.

Call us to request your fabric swatch cards to see the full choice available

## Vinyls

Hard wearing and water-resistant, leather-effect vinyls can be wiped clean which makes them a hygienic and practical option for healthcare environments.

LATEX  
FREE

Call us to request your fabric swatch cards to see the full choice available

*Look out for ranges available in dual fabrics*

Although we offer a comprehensive range of fabric options, we can use customers' own fabric, or COM, if required.

Check our statement of line pages at the end of each section for COM yardage information for each product.

**Please note:** Cracking and stickiness on vinyl fabrics are known issues to fabric manufacturers. As furniture manufacturers, Pineapple cannot accept responsibility.
