

# ROCK LOUNGE HIGH BACK CHAIR

1RKH1-100  
36.8H | 25.7W | 28.6D (in)  
Seat height: 16.7in  
Weight: 36.4lbs

UK Registered Design No. 6424430

## KEY FEATURES

- Strong and durable solid birch frame
- Contoured plywood seats with durable high-pressure white laminate finish
- Low seat height for a comfortable lounge position
- Fixed seat and back cushions for additional comfort
- Cross-braced skis and sled base provides additional strength and maneuverability
- Strength and stability tested for severe contract use (BS EN 16139:2013 - Test Level 2)
- Designed to complement the Rock Dining Range

### MATERIAL/FABRICATION

Clear lacquered solid birch frame (with 10% white pigment) with a plywood seat in Platinum White (HPL Egger W980 ST15) laminate finish. Key to the range's strength (tested for severe contract use; BS EN 16139:2013 level 2) are the interconnections which join each leg together, creating a rigid solid birch frame which maximizes durability and minimizes damage. Each chair is fitted with CMHR (Combustion Modified High Resilience) foam seat and back cushions, securely fixed using anti-tamper security screws and 3mm washer between seat shell and seat pad.

### TEST STANDARDS

- Strength and stability tested for severe contact use (BS EN 16139:2013 level 2)
- Seat static load internal test (1100lbs)

### OPTIONS

- High and low back options
- Available with and without arms
- Matching Rock coffee tables available

### WARRANTY

5 year guarantee (does not include fabrics)

### COLOR/FINISH

Natural birch frame and a white laminate plywood seat shell.

### FABRIC

Available in a wide choice water-resistant upholstery for seat and back cushions (N.B only 1 fabric option per chair).

### ASSEMBLY

Upholstered seat and back pad fixed to frame prior to delivery, product arrives assembled and ready to use.

### INSTALLATION/FITTING

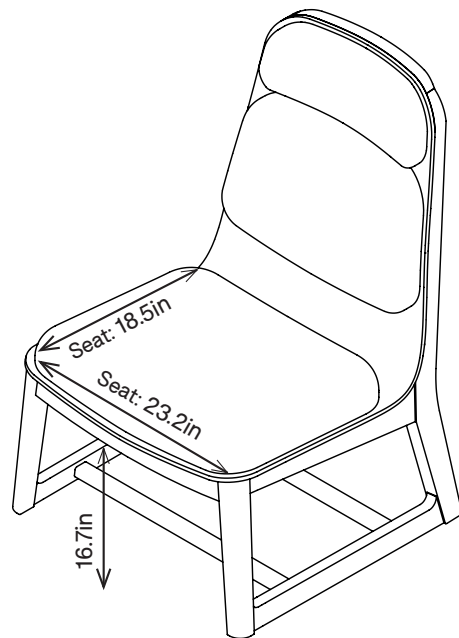

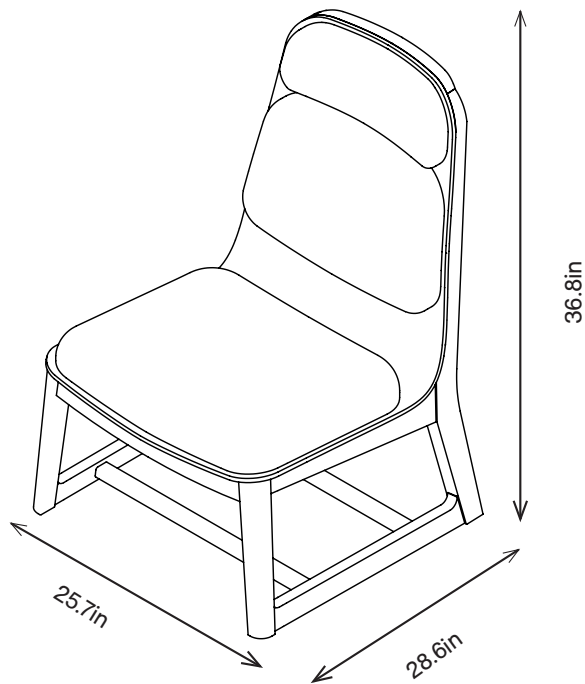

No fitting required.

### MAINTENANCE

A regular light dusting with a soft cloth is all that is required to maintain the shell's appearance. Real wood veneers are soft and can be scratched relatively easily, so it is important to avoid using abrasive materials for cleaning and care should be taken when moving items with a rough surface so as not to damage the surface. Excessive amounts of water should be avoided as this too will damage the veneer. Check before using furniture polish that it is safe for use on real wood veneers.
