

FAMN LOUNGE

LOW BACK
ARMCHAIR

1FML1-400

33.5H | 27.7W | 27.5D (in)

Seat Height: 17.7in

Weight: 23lbs

KEY FEATURES

- Strong and stylish bent-plywood leg design
- Durable and comfortable molded cold-cure foam seat and back cushions
- Scandinavian styling and design
- Strength and stability tested for contract use
- Seat static weight tested to 500lbs

MATERIAL/FABRICATION

Famn is constructed using anti-tamper screws to a bent plywood birch frame. The Famn seating range is available with high and low seat back options, with and without arms. There is also a two seater chair with arms, also available high or low back. Famn's interior is made from fire retardant cold cure molded seat, molded around an internal steel frame to offer strength and support. CMHR cold cure foam maintains a permanent shape and alleviates concerns over sagging and foam degradation over time.

TEST STANDARDS

- Fire retardant to BS7176:2007 source 5
- Strength and stability tested to BS EN 16139:2013 level 2
- Seat static weight tested to 500lbs

33.5H | 49.2W | 27.5D (in)

Seat height: 17.7in

Weight: 41.9lbs

COLOR/FINISH

Clear lacquered plywood birch frame (10% white pigment)

FABRIC

Available in a wide choice water-resistant upholstery

INSTALLATION/FITTING/ASSEMBLY

Product arrives assembled and ready to use

MAINTENANCE

A regular light dusting with a soft cloth is all that is required to maintain the shell's appearance. Real wood veneers are soft and can be scratched relatively easily, so it is important to avoid using abrasive materials for cleaning and care should be taken when moving items with a rough surface so as not to damage the surface. Excessive amounts of water should be avoided as this too will damage the veneer. Check before using furniture polish that it is safe for use on real wood veneers. Do not saturate the foam; if dampened during cleaning, allow it to air dry completely.

WARRANTY

7 year guarantee (does not include fabrics)
